

Welcome to our website of TOMITA CLINIC

Hello. I am the Director, Dr. Yoshifumi Tomita, M.D., Ph.D. Tomita Clinic was established November 1998. I have been working as a family practitioner of Senzoku and Ookayama areas for twenty years. Before opening the clinic, I had been long working in the Nippon Medical College hospital in the field of Cardiology, Diabetology, general Internal Medicine and Emergency Medicine, performing to cure and care a large number of patients with cardiac disease. And I had experience of medical practice in Pediatrics of the college hospital. Our aim is to supply you a broad range of highly qualified medical service with an easy access. Every staff is kind and sincere of course. Please feel free to contact us if you have any medical problems or concerns.
